

Student Government Association is here to help.

President Stephon Moore addressed four main objective points SGA wants to achieve during the 2014-2015 academic school year at the October 9th, State of the Student Body Address.

1. To develop a relationship with the new chancellor.

2. To provide more resources for student organizations to thrive.

3. Expand and enhance “Gus Talks.”

4. Develop a connection with the community more.

“ SGA is a liaison between the student body and the administration. SGA is dedicated to helping the students, but we can’t do any of this alone, we will always need you guys to be behind us. Give us your ideas, problems, questions, concerns, because we’ve been there before and we want to be a voice for you and represent you. ”

**Stephon
Moore**
SGA President

If you would like to be part of a positive impact on the campus, contact Stephon Moore at mooreso@ius.edu or stop in to any of the SGA offices to receive more information.
